Hi Don,

I was curious so began reading the main document. Since I found a typo, I could not resist a few other edits or comments to consider. See attached.

Am working with Jenny on revising the options paper since that document appeared to be the focus of our RA. Will forward to you tomorrow.

Talk with you tomorrow.

All,

I am sharing with you the draft updated briefing package that reflects the evolution in discussion in the wake of last week's briefing in R10. See attached. EPA HQ will brief OWOW management on 12/3, and expect the topic to be elevated to the AA level or higher.

Don
